

Up-to-date as of spring 2019

For each title, the year of the *Catalogue* in which it appears is shown first, followed by the page number. A very few copies of some of the Catalogues are available to buy at a cost of £5 including p&p. From 2010 onwards, the year of the *Update* in the spring edition of *Signals* in which it appears follows the entry. However, as time goes on, this arrangement has become less useful, and so from the spring 2017 additions, the date shown will be the **date of publication**. To indicate where this is the case, these will be shown in **BOLD**.

(CM) after the reference indicates a Carnegie Medal winner.

(ML) after the reference indicates a Mariners Library title.
